BEGINNER SYNCHRONIZED SKATING

OVERVIEW: The beginner level will be offered at non-qualifying synchronized skating competitions and U.S. Figure Skating Basic Skills competitions. The intent of the level is to provide a place for Basic Skills or pre-preliminary level skaters to start. Teams competing in this level should be at approximately the **Synchro 4** level from the Basic Skills program, but not yet ready for preliminary, pre-juvenile or open juvenile. In order to safely practice and compete at this level, it is recommended that skaters have passed or can easily perform elements through at least Basic 5.

ELIGIBILITY RULES: All skaters on the team must either be full U.S. Figure Skating members or members of the U.S. Figure Skating Basic Skills program. The team may choose to represent a U.S. Figure Skating club or their Basic Skills Program/Club. Members of other organizations are eligible to compete, but must be registered with the host Basic Skills Program/Club or any other Basic Skills Program/Club of their choice. In order for the team to be eligible for this event, no skaters on the team may have passed higher than the preliminary or adult bronze test in any discipline.

PROGRAM MUSIC: There are no restrictions or requirements on music choice.

PROGRAM REQUIREMENTS: The competitive program shall consist only of the following required elements skated in any order. Coaches should refer to the U.S. Figure Skating Basic Skills Instructor's Manual for further details on the elements and teaching tips.

JUDGING OF THIS EVENT: The main emphasis of this level is mastering the basic skills of synchronized skating: control in the elements, straight lines, unison, use of guiding and shadowing, etc. The focus is **not** on difficulty of the steps or transitions.

Restrictions:

- Changes of rotational direction and traveling within elements are not allowed.

DEDUCTIONS FOR "NOT ACCORDING TO REQUIREMENTS"

- If the team does not perform the required skill within the element, they should receive a deduction of .1. (For example leaving out the combination move in the Beginner 2 & 3 circle).
- If they attempt it, and it is recognizable, but not done well, that's just taken into consideration in the mark.
